

Ayomikun Adeosun

Frontend Developer

+2348170080757 . ayoadeosun10@gmail.com . [GitHub](#) . [Portfolio](#)

PROFILE SUMMARY

Detail-oriented Frontend Developer with hands-on experience in building responsive, user-friendly web applications. Skilled in modern frontend technologies including TypeScript, Next.js, and Tailwind CSS, with a strong foundation in backend integration and version control. Passionate about creating intuitive digital experiences and eager to contribute technical expertise and problem-solving skills to a dynamic development team.

SKILLS

Technical Skills: TypeScript | JavaScript | HTML5 | CSS3 | React | Next.js | Tailwind CSS | Bootstrap | Git | GitHub Actions | Performance Optimization | Tanstack Query | Node JS | Express JS | API Integration

Soft Skills: Collaboration | Communication | Problem Solving | Critical Thinking

WORK EXPERIENCE

Frontend Developer | [Resolve.Vote](#)

March 2025 - Present

- Built a responsive, user-friendly online voting platform with Next.js and TypeScript, ensuring security and scalability.
- Partnered with backend developers, designers, and product managers to deliver features on time.
- Implemented responsive design patterns, enhancing user experience on both mobile and desktop.
- Contributed to team sprints, code reviews, and collaborative development workflows.

Frontend Developer | [HNG Internship](#)

Feb 2025 - Apr 2025

- Developed responsive web applications with React.js, Next.js, JavaScript, HTML, and CSS.
- Worked in agile teams, collaborating with designers and backend developers to deliver multiple projects.
- Tested and debugged features to ensure cross-browser compatibility and seamless user experiences.
- Participated in peer code reviews and applied best practices for clean, maintainable code.

TRAININGS and CERTIFICATIONS

Frontend Development | [HerTechTrail](#)

Jul 2023 - March 2024

- Learned frontend web technologies from HTML to Tailwind CSS to ReactJS as well as version control and collaboration.
- Graduated as Overall Best in Frontend Development (Cohort 7 and 8) and Overall Best in the Cohort (Cohort 7).
- Built a MealPal, a meal planning app with fellow members of the cohort as a capstone project.

Backend Development | [Africa Agility](#)

Apr 2024 - July 2024

- Learned backend technologies like Node Js, Express Js and databases (MongoDB)
- Built RESTful APIs with Express JS and implemented middlewares, asynchronous programming, error handling and authentication.

Google IT Support Professional Specialist | [Coursera](#)

Version Control | [Meta via Coursera](#)

EDUCATION

Babcock University, Ilishan-Remo, Ogun State.

2021-2025

Bachelor of Science in Computer Science, First Class Honours

PROJECTS

[Resolve.Vote](#) - Collaboratively developed a responsive online voting platform using Next.js and TypeScript, focusing on security and real-time results.

[Nerdwork-Plus](#) - Developed the frontend of a comic creation and reading platform with Next.js and TypeScript where readers and creators can read and buy comics using Web3 technologies.

[ThreatLens](#) - Developed and deployed a Social Engineering Attacks Prediction Chatbot using React.js for frontend, FastAPI for backend, GroqCloud for model access and Llama 3 as the AI model to handle the prediction.

[CDS Attendance Management System](#) - Developed a secure, geofenced web app that automates NYSC CDS attendance with real-time location verification and automated eligibility reporting..
